Innovating to Better Serve the Grants Community

GrantSolutions:
Supporting The Full Grants Lifecycle

The GrantSolutions partnership model champions the organic development of government-wide best practices. Priorities are driven by Partners' needs and together we develop cloud-based services to achieve efficiencies and capture mission unique requirements.

GrantSolutions' software as a shared service provider solves for shared mission needs across agencies while incorporating unique business and regulatory processes for grant programs. GrantSolutions software services address evolving Partners needs from compliance and productivity to performance outcomes.

About GrantSolutions

GrantSolutions is a leading national grants services provider, managed by HHS, supporting the full Federal grant life cycle across 10+ Cabinet-level and independent Partner agencies. GrantSolutions Partners have worked together to encourage better use of data to drive more efficient and effective grants management practices and improve the return on the Federal taxpayer investment.

Award-Winning, Innovative Grants Management Solution Provider

Commitment

Foster collaborative partnerships across the Federal grants community to develop national grant management solutions.

Passion

Delivering value to the American people by helping Partners achieve critical mission success:

› Modern technology and development practices support Federal agencies throughout the entire grants lifecycle—from forecast and funds-planning to closeout.

› Collaborative culture focuses on supporting shared mission needs across agencies while incorporating unique business and regulatory processes for grant programs.

› Consultative approach finds solutions to advance good government.

Experience

Invaluable knowledge from over 15 years supporting more than 2,000 national grant programs.

Join the Partner Community

The GrantSolutions Difference

Community

Access tens of millions of dollars of capabilities at a fraction of the cost through the shared investments of the GrantSolutions community.

Agility

Address program-specific needs and eliminate costly redundant systems through configurable software and adaptable business processes.

Efficiency

Spend more time on mission-critical activities and less on administrative functions, using tools that eliminate more than 90 percent of traditional grants processing activities.

Accountability

Understand and demonstrate the value of grant program investments by capturing and analyzing the data that tells the story of grant performance.

Data Driven

Maximize grant program investments by capturing and analyzing data that tells the story of grant outputs and outcomes.

Security and Compliance

Exceed government IT security and policy requirements through the comprehensive GrantSolutions security and compliance program.

Integrated Software Service

Integrated Grant Services Cover the Full Lifecycle

PRE-AWARD PHASE → **AWARD PHASE** → **POST-AWARD PHASE**

| Funding Opportunities | Application Submission | Application Review | Award (NOA) | Program Monitoring | Post-Award Administration | Closeout |
